

## We're Going Digital!

As you may already have noticed, The Cougar Chronicle has branched off to a new way of delivering the news. In partnership with the new multimedia center and the expertise of Marcello, we are now able to make mini video segments to share upcoming news and events.

In effort to save the environment and move with the times, we are also sending out the newspaper via email to faculty and staff, and posting a link to a pdf version of the paper on our school's website and on Facebook. A printed paper copy will continue to be sent home in the yellow folders for all students.

We hope that you enjoy the new changes and please let us know what you want to see and hear about in the paper. Stop by or send us an email.

## Mr. Kemp Turns 65 by Jason Levy and Yocelin Euceda

On Monday, October 6, Mr. Kemp turned 65 . The entire school had a tie-themed surprise party for him in the gym. Many classes made him birthday cards. Max Hermann read a quote on behalf of the senior class about how great of a leader he is. Mr. Kemp's wife organized a wonderful party with cake and ice cream for the kids. You can see a poster in the cafeteria of Mr. Kemp riding a horse, signed by many of the students and staff.

*The new iPhone bends under pressure.*

## The New Bending iPhone 6

by Lilly Murphy and Rayhana Elharji

The Apple company has had many flaws with the iPhone 6. There is a very big flaw: *it bends*. When you put it in your pocket and sit down, there is a chance the phone will bend. This is more likely to happen to men since they don't carry phones in pocketbooks like women do. Apple says, "warping is extremely rare through normal use." Apple also says the new iPhones are made of special aluminum materials for extra strength. The phones also have stainless steel and titanium inserts for extra protection from bending. We think that when phones bend, it is the user's fault because they are not using it correctly.

## Farewell to Jeter

By Marcos Taveras

Derek Jeter, considered one of the best Yankees captains in recent times, has retired after a 20 year career. He made his Yankees debut on May 29, 1995, he has been with the Yankees ever since. In his 20 year career, he had 1,928 runs, 3,464 hits, 260 home runs, and 1,310 RBI. He had a .309 batting average for his entire career. He also has 5 World Series titles and has appeared in 14 All-Star games. He will most surely be inducted Baseball Hall of Fame. He ended his career with a game winning home-run on his last at bat in Yankee Stadium. I wonder who else can end their career like Derek Jeter did. Jeter will certainly go down in history as one of the greatest baseball players of all time.

## New York Mets Visit Viscardi

By Victoria O'Brien

The New York Mets visited our school on September 15th. The Mets players who came were 1st baseman Lucas Duda, 2nd baseman Daniel Murphy and pitcher Dillion Gee. The Met's mascot, Mr. Met was also here. They came to play a game of wheel-chair baseball with some of our students. After the game, The Mets players took some questions that the students had. They then handed out free T-shirts for

the entire school! A big thank you to the New York Mets for coming. We hope to see you again next year.

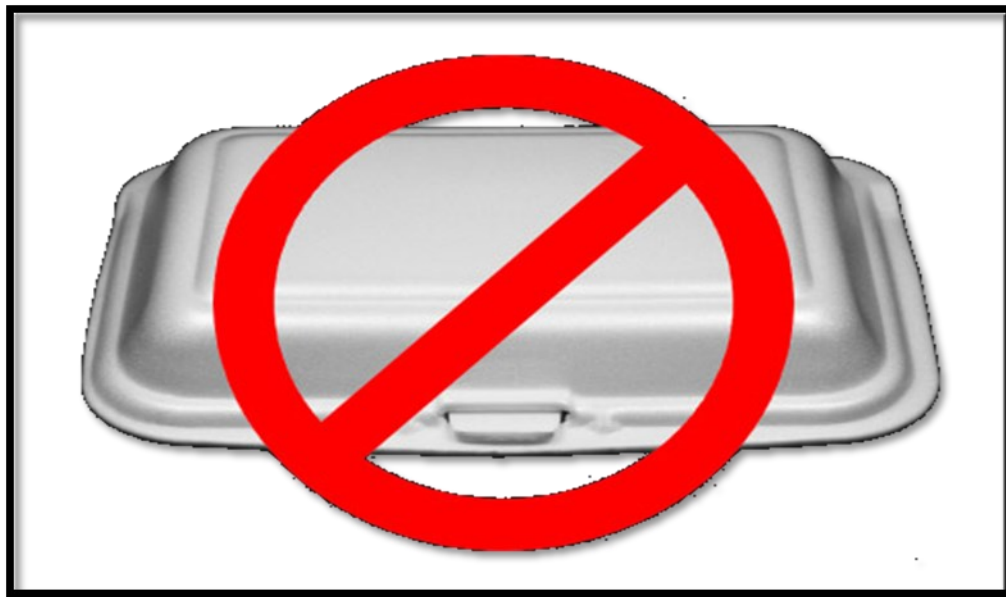

# No More Styrofoam

---

By Aaron Hampton

Thanks to the efforts of the HVS students and staff school lunch is no longer being served in Styrofoam containers.

The lunch containers have now been changed to a non-toxic paper based box. They look almost identical to the Styrofoam containers except for the color, texture and of course, material. We also have recycling bins where you can dispose of paper, plastic or compostable garbage. For customers of The Viscardi Café and staff, however, food is still sold in Styrofoam. Perhaps, with more research into a suitable alternative for Styrofoam we get it out of Viscardi for good.

## Snack-ABLE Obsessions is Open for Business

By Jeremie Davila

Snack-ABLE Obsessions is open while under construction. We are now located across from the lockers in the lobby. We are open during third, fifth, sixth, and eighth period. We offer items like fruit snacks, Hershey bars, Swedish fish, Lays potato chips, granola bars, Popcorners, and Snapple ice tea at reasonable prices. We also offer seasonal gifts and free delivery. Look out for our Grand Re-Opening.

*Everything is Awesome,  
Everything is cool when you're part of a team .
