May 15, 2020

Dear Members of the Henry Viscardi School Community,

I hope this message finds you well. While we are all saddened and disappointed by the decision to close schools for the remainder of the school year, the HVS staff and administration have been working hard to adapt our instructional practices to continuously enhance our remote learning plan. See the attached remote learning plan update for more details.

The governor has yet to make a decision about bringing students back into the building for Extended School Year Programming, during the months of July and August, that decision is expected by the end of May. Please note if we are not able to reopen the building for the summer, we will provide distance and remote learning activities to those students who attend. Also know, we have begun the conversation about planning for the reopening of school. We will be following guidance from the State Education Department and the CDC on how to safely bring students and staff back to school. There will be many logistical issues that will require proper planning in order to keep everyone safe. I will communicate the details in the weeks ahead as they become available.

I appreciate everyone’s efforts during these challenging times, this has been a true partnership as a school community.

Sincerely,

Angelo Zegarelli
Head of School

Henry Viscardi School is an affiliate of The Viscardi Center, a network of non-profit organizations that provides a lifespan of services:
- Pre-K through High School Education (up to age 21)
- Transition Services
- Vocational Training
- Career Counseling & Placement
- Workforce Diversification Assistance
