

January 20, 2021

Dear Henry Viscardi School Community:

Today, the Henry Viscardi School was notified that a student on the elementary level has tested positive for COVID-19. The student was last in school on January 13.

The Nassau County Department of Health was immediately notified to initiate a contact tracing investigation. Under the current circumstances, there was no exposure to anyone in the school in this case because the student has not been in school and was not infectious when last in school. Therefore, the DOH is not issuing student or staff quarantine orders.

Please remember to continue to conduct the daily health screening and stay home when you do not feel well.

Stay Healthy, hopeful, and strong!

Sincerely,

Angelo Zegarelli  
Head of School
