

April 19, 2021

Dear Henry Viscardi School Community:

Today, the Henry Viscardi School was notified that a staff member has tested positive for COVID-19. The staff member was last in school on Friday, April 16.

The Nassau County Department of Health (DOH) has been notified, and the school is assisting in its contact tracing efforts. The school's administration and medical department already informed those who are identified as being a close contact. Therefore, if you were not directly contacted, you were not deemed a close contact. Official quarantine orders will be issued by the DOH in the ensuing days. Any staff member and/or student who is directed to quarantine will return to HVS only when released to do so by the Department of Health.

Let me take this opportunity to remind everyone of the importance of the protocols that we have in place to keep everyone healthy and safe. Remember to complete the daily health screening survey and stay home when you do not feel well. As always, we will continue to follow all thorough building sanitizing, disinfecting, and cleaning protocols on a daily basis.

The safety and well-being of our students and staff is our top priority. As always, we greatly appreciate your understanding, cooperation, and continued support.

Sincerely,

Angelo Zegarelli
Head of School
